General Astronomy · Star Atlases & Charts

DESCRIPTION

Two parts in two volumes (text and atlas). 4to (310 x 254 mm). Text volume: xviii, 376 pp., portrait of Krieger in heliogravure as frontispiece, 5 full-page photographic illustrations, of which 2 with associated tissue paper key, 26 smaller photographic illustrations in the text. Atlas volume of 58 photographic plates, numbered 29 to 86, each with associated key, and a folding map. Original publisher's cloth, spine and upper board with red lettering (very slight spotting to boards), original green endpapers. Text and plates clean and bright. A well-preserved copy of this rare lunar atlas.
